

# FLOOR SAW CF-1010 T

Order no: 50011688

## Dry cutting floor saw with dust extraction

The very compact dry-cut joint cutter CF-1010 T has been specially developed for fast cutting of connection and expansion joints in asphalt or fresh concrete. No additional cooling water is required for cutting the joints. The resulting cuttings are filtered out and collected in the powerful extraction system and can be disposed of in an environmentally friendly manner.

- integrated cutting depth measurement
- cutting depth indication in the digital display
- uniform feed through hydrostatic drive
- integrated suction unit with 2 cyclone separators
- no cutting slurries - Fast construction completion
- height-adjustable handles
